Subject: Thank You for Purchasing the Dare to Dream Workbooks

I'd like to congratulate you for daring to dream and getting a jumpstart on your Virtual Career!

In these Dare to Dream Workbooks, you will learn the basics of how to get seen, heard and paid as a Virtual Assistant.

If you Dare to Dream, you will find your "somewhere over the rainbow" is within your reach. Just like Dorothy, you will discover that everything you need is already within you.

It is possible to create a thriving VA business and replace your current income. I know because I did just that when I left my corporate job. In fact, I exceeded my corporate income working from home, in my pajamas, and often a tiara.

Wondering if you can do the same?

The answer is YES. One thing I know for sure is ...

What one woman can do another can do

This is especially true when that "one woman" (HINT: that's me) teaches YOU exactly what to do and how to do it. All you need to do is follow the yellow brick road to success.

Subject: Did You Download the Dare to Dream Workbook?

I wanted to check-in with you to be sure you were able to download your three Dare To Dream Workbooks and get started.

Getting started is often a stumbling block for women who dream of creating their own businesses. There are many things that distract us from our own personal desires. A job, taking care of family members, household duties, volunteer activities ... and the list goes on.

Don't let the flying monkeys distract you from your dreams! Follow the yellow brick road that leads to your dream of owning your own Virtual Assistant business.

Here are my top 3 tips to help you GET STARTED today:

- Focus on the end goal, not today's distractions. (Write out your specific end goal)
- Create a vision of your daily life working from home in your own successful Virtual Assistant business. (Write out exactly what you want your daily life to look like.)
- Hang out with the woman who created the workbooks, so you can learn even more from her (That woman is ME. Keep reading to discover how you can hang out with me to continue learning.)

Are you finding this too good to be true?

Here is what others have said about training with me:

"Finally, I recognized all I was capable of and that it could be a real, profitable business." – Ally Berthiaume

"I wanted to be independent and self-sufficient. But, I did not want to be "alone". Being a part of this community of other independent business owners, sharing and supporting each other was exactly what I needed". – Pat Taylor

"One of the greatest things is the ability to do what you enjoy and make money doing it. Aside from that is the sense of belonging and support you receive from this group of women, and a couple of men." – Susan Thomas

One of my greatest joys is watching women blossom as they realize they have the power within themselves to make their dreams come true.

I want to help you experience that joy.
